

## Hi!

Sitting atop his father's shoulders Wednesday, this youngster meets one of Ringling Brothers and Barnum and Bailey's circus elephants eye to eye. Deerfield firefighters met the 39-car circus train at the former Old Deerfield railroad station

when it stopped so the elephants could get water. En route from New Haven, Conn., to Portland, Maine, the 3,400-foot-long train carried one of three traveling shows owned by the circus organization.
